

CALLS IT AN INSULT TO THE POPULACE

CONGRESSMAN HARTMAN CRITICIZES CLEVELAND.

Speech of the President on Home Missions Resented by a Montana Member—Senate Likely To Agree to House Resolutions on Cuba—Washington News.

Washington, March 6.—The house on Thursday wrangled for four hours over the salaries of United States marshals and the other features of the amendment to the legislative appropriation bill to abolish the fee system in the cases of United States attorneys and marshals. Interest in that debate was completely overshadowed by a sensational attack made upon President Cleveland by Mr. Hartman (rep., Mont.), who felt himself personally aggrieved by Mr. Cleveland's utterances at the Presbyterian home mission meeting in New York on Tuesday, and who seized the opportunity allowed by the latitude of debate on appropriation bills to repel the idea that the western states were the home of evil influences. Mr. Hartman sent to the clerk's desk and had read the following extracts from Mr. Cleveland's address: "The toleration of evils and indifference to Christianizing and elevating agencies in the states of the west, which, unchecked, develops into badly regulated municipalities, corrupt and unsafe territories and undesirable states."

Mr. Hartman said, in part: "Under the constitution and laws, I deny the right of the chief executive to willfully and wantonly, in public address or otherwise, insult any of the citizens of any state of the republic over whom he has been called to preside. When the president made the foregoing remarks he knew there were pending in congress bills for the admission of certain territories into the union of states. He had been advised that a majority of the citizens of those territories were antagonistic to his peculiar financial and economic views, and under the cloak of a supposed religious address before a religious organization, and with gross impropriety and for the purpose of preventing the achievement of the rights of statehood to which they aspire and are entitled, he gave utterances as chief executive to this unfounded slander against those citizens and states of the republic whose interests he is sworn to protect and uphold."

Mr. Powers (rep., Vt.) and Mr. Miles (dem., Md.) attempted to interrupt Mr. Hartman by raising points of order, but were overruled. Mr. Hartman proceeded: "The percentage of crime in those states and territories will not exceed that found in the state of New York, where the president seems to think all virtue resides. The per capita of wealth of the citizens of our state exceeds that of any state in the union save one. Our educational facilities are equal to those of any section of the union."

At this point Mr. Hartman's five minutes expired and Mr. Grosvenor (rep., O.) helped him out by the parliamentary expedient of securing recognition and yielding his time to Mr. Hartman, who concluded: "On behalf of the citizens of the states and territories thus slandered and maligned by the chief executive, I here and now repel the insult and respectfully suggest that the greatest need of this country for the work of the missionary, the schoolmaster and the statesmen will be found at the white house." This closed the incident.

The house then resumed the consideration of the amendment to the legislative appropriation bill to abolish the fee system in the case of United States attorneys and marshals. Salaries of the marshals fixed were identical with those of the district attorneys made Wednesday, except in the following districts: Indiana, \$1,500; eastern district of Louisiana, \$2,500; Maine, \$3,000; Nevada, \$2,000; New Jersey, \$2,500; northern district of New York, \$5,000; and southern district of New York, \$5,000.

Under the fee system both district attorneys and marshals were allowed fees not to exceed \$6,000 and mileage, which in some cases swelled the compensation to as high as \$8,000 and \$10,000. Instead of mileage, at the rate of 10 cents per mile each way, the amendment allows attorneys and marshals their actual traveling expenses. It fixes the fees of United States commissioners considerably below the present schedule. After the committee rose without completing the consideration of the bill a bill was passed appropriating \$96,000 for the reconstruction of the Rock Island (Ill.) bridge.

SENATE WILL ACT MONDAY.

Conferees of the Two Houses Agree Upon the House Cuba Resolutions.

Washington, March 6.—For a time Thursday afternoon it looked as though the Cuban question would be finally disposed of in the senate by agreeing to the conference report accepting the house resolutions. Mr. Sherman presented the report of the conferees, and asked for immediate action. Representatives Hitt and Adams two of the house conferees, were present at the time, as it was expected that the report would be adopted. But as it was then 3 o'clock not more than a dozen senators were in the chamber and Mr. Hale (Me.) suggested that it was undesirable to crowd through a

resolution of this magnitude at a late hour and with an empty senate.

Mr. Hawley expressed sympathy with the public feeling against Spain, yet he feared the earnestness and eagerness of the United States would involve us in war not only with Spain but other European countries. He deprecated the flippancy with which warlike utterances were made. Mr. Sherman concluded to let the subject go over until Monday, the senate having agreed to adjourn until then, and he gave notice that he would call up the report during the morning hour, lasting from 12 until 2 o'clock.

The conferees of the two houses, consisting of Senators Sherman, Morgan and Lodge on the part of the senate and of Messrs. Hitt, Adams and McCreary of the house, reached a conclusion more speedily and with less difficulty than had been anticipated. Senator Morgan was strongly in favor of that clause of the house resolution which contemplates intervention, a declaration which he had suggested should be made when the question was before the senate. So far as the house is concerned, the resolution is a closed question for the present. There will be no more debate, because it is only necessary for the secretary of the senate to report to the house that the senate conferees have agreed to the house resolutions.

RELATING TO PENSIONS.

Senator Gallinger Introduces Some Important Amendments.

Washington, March 6.—Senator Gallinger, chairman of the pensions committee, introduced into the senate several bills bearing upon the pension laws. One of these provides that upon the consideration of the application for a pension under the pension laws, the fact that the applicant was accepted and mustered into service shall be accepted as proof that he was of sound body and mind. Of the other bills, one empowers fourth-class postmasters to administer oaths to pensioners; one that in pension cases the oath of a private shall have equal weight with the oath of an officer; one that the failure of a soldier to receive an honorable discharge, providing there is no charge of desertion against him, shall not be a bar to the granting of a pension to his widow or those dependent upon him in case of his death, and one dispensing with the requirement of proof that death was due to military service in the case of widows as applicants under the act of 1890.

Information for Military Use.

Washington, March 6.—The navy department is sending out to the naval militia commanders of the various states having such organizations blank forms for the collection of information respecting the topography and physical features of their respective localities for military use. What is wanted is information touching all waters, approaches, docks, creeks, bearing of nearest telephone and telegraph connections, approaching roads, possible sites for batteries, landing places for naval forces and every feature of the vicinity calculated to be of value from a military standpoint.

Measure Favored by Labor.

Washington, March 6.—Congressman Phillips, of Pennsylvania, at the request of the executive council of the American Federation of Labor, introduced a bill to restrict the jurisdiction of United States courts in proceedings for contempt. The bill does not apply to United States courts sitting as courts of law, as distinguished from courts of equity, and only applies in the latter case in two instances, where the contempt charged is the violation of an order or decree of court, or where it makes the defender a principal in or accessory to a crime.

Would Exclude New States.

Washington, March 6.—Mr. Fenton of Ohio introduced a joint resolution for an amendment to the constitution providing that no addition shall ever be made to the number of states of the union from any territory which may hereafter be acquired by the government if such territory lies out of the parallel of 30 degrees north latitude. In the event of the acquisition by the United States of any territory so situated congress is to forever exercise exclusive legislation in all cases whatsoever over it.

MAY GO TO CUBA.

Reports that President Cleveland Will Send a Military Commission.

New York, March 6.—A special to the World from Washington says that it is possible that President Cleveland will send a military commission to Cuba to report on the condition of affairs there. In this connection it is announced that General Wesley Merritt, commander of the department of the Missouri, and several other high officers of the army have been suddenly summoned to Washington.

The World says that it could not be positively learned that their mission had any reference to Cuba, but it is known that the president has implicit confidence in General Merritt, and that he would be likely to name him for a position of the character indicated.

Missouri Normal School Burned.

Stanberry, Mo., March 6.—The Northwestern Normal school, with an enrollment of 400 students, from almost every state in the union, burned to the ground Thursday. Loss, \$50,000; insurance, \$30,000. The students all escaped unhurt, but lost their personal effects.

ITALIAN MINISTRY GOES DOWN AND OUT

PREMIER CRISPI YIELDS TO POPULAR CLAMOR.

Resignations of the Cabinet Accepted by King Humbert—Later News Received from Africa—Rioting in All Large Cities—Reliable Information Still Withheld by Authorities.

Rome, March 6.—The ministry announced its resignation in the chamber of deputies Thursday and Premier Crispi added that it had been accepted by the king. Who will be announced as Premier Crispi's successor is not known. King Humbert is in constant consultation with statesmen, and the names of Marquis di Rudini, ex-premier; General Ricotti, and Viscount Venosta are mentioned, with chances in favor of ex-Premier Rudini.

There is no cessation and amelioration of the agitation and disorders among the people, notwithstanding the less disastrous character of later reports of the battle at Adowa. The agitation is as threatening as ever. Almost everywhere excited crowds are parading the streets and the police have great difficulty in dispersing them, as is shown by the reports of many conflicts that have occurred between the police and the people. A large number of arrests have been made. The public apprehension of trouble is indicated by the number of shops that have been closed, for fear of the damage that would result to them from an outbreak of disturbances. The troops are also still confined to their barracks. This is a summary of what has occurred in a greater or less degree at Milan, Florence, Turin, Como, Terni, Belluno, Lodi, Verona, Parma, Bergamo, Naples, Brescia, Venice, Bassara, Palermo, Cremona, Catania, and almost any other town mentionable.

The agitation has been spread to the country districts, and from all sides come accounts of rioting and indignant protest, of bitter denunciation, and loud cries for vengeance upon those who have been responsible for the terrible reverse to the Italian army.

A report received from Gen. Baratieri proves that the Italians gave way at the first attack—in fact, the native contingent appeared to have behaved better than the Italian troops. In Gen. Albertone's column the black battalions fought bravely, while the white regiments broke and ran. Their officers, who made vain efforts to rally their men, were nearly all killed. Gens. Dabormida, Arimondi and Albertone and Col. Galliano are among the slain. The artillery had not the time to come properly into action before the rush of Abyssinians overwhelmed the Italian forces. The main body of the Italian army is concentrated at Asmara. The rear guard, consisting of 5,000 men, is at Addicaye, to cover the line of retreat. All the transport vessels available are concentrated at Naples in readiness to embark troops for Abyssinia.

The report that Gen. Baratieri had committed suicide turns out to be incorrect, but it would seem as if that would have been the best thing he could do under the circumstances, for if the darker and darker reports which are reaching Rome from Massowah are substantiated he will have great difficulty in escaping capital sentence on his trial by court-martial. It is said, among other things, that he deserted his troops while the latter were fighting gallantly against overwhelming numbers of Shoans and that he fled to a spot 100 kilometers from the scene of the massacre (for that seems to be the proper term for the rout of Italy's troops), without knowing or apparently caring what became of Gens. Dabormida and Arimondi, whose columns have never since been heard from so far as can be ascertained here.

The official and private residences of the cabinet ministers, the royal palace, the embassies and all important public buildings here are guarded by troops. The neighborhood of the chamber of deputies is held by a strong force of infantry and police.

The war office has admitted that at least 150 Italian officers were killed, but the officials still refuse to admit that over 5,000 men were killed. They say, however, "they believe" 9,000 Italian troops and 8,000 native troops in the Italian service were engaged, 17,000 in all, and that "nearly all" the artillery, ammunition and supplies fell into the hands of the enemy.

Kentucky Senatorial Deadlock.

Frankfort, Ky., March 6.—The republican joint caucus met last night and by agreement the Hon. St. John Boyle of Louisville was declared the republican nominee for United States senator by acclamation. The democrats at their caucus drew the line strongly between the free-silver men and the sound-money democrats. A joint caucus was held to hear the petition of the eighteen sound-money democrats for the withdrawal of Senator Blackburn. The senator said he was the caucus nominee, and only the caucus could remove him. He said he was determined no republican should be elected. The caucus adopted resolutions in support of Blackburn and adjourned determined to support him to the end.

Wants to Succeed Senator Farmer.

Galesburg, Ill., March 6.—The Knox county republican convention will be held March 30. At the committee meeting Col. Clark E. Carr formally announced his candidacy for the United States senate.

STONED OUR FLAG THE SECOND TIME

SPANISH MOB AT THE AMERICAN CONSULATE.

Authorities Unable to Prevent the Hostile Demonstrations—Quiet at Barcelona—The Spanish Ambassador Thinks President Cleveland Won't Act on the Cuban Question.

Valencia, March 6.—The disorders which were prevalent here when the news was first received of the action of the United States senate on the Cuban question broke out afresh Thursday and there were renewed demonstrations of hostility to the United States. The mob made its way to the United States consulate, which was stoned and the windows smashed by the infuriated populace.

Several attempts were made by disorderly paraders to make their way to the consulate, but they were frustrated, as the authorities had received special orders to be on the lookout for any demonstration against the property of the United States. Special protection was afforded the building in which the office of the consul is located with a view to the same end.

The mob gathered before the building before the police were aware of what was occurring and was cheered on by sympathizers in the streets and neighboring houses. The police lost no time in charging the rioters and the mob was speedily dispersed.

Barcelona, March 6.—The universities here, at Valencia and at Granada are closed in order to prevent the students from making demonstrations against the United States. The excitement, however, has considerably abated, and there is a belief prevailing that Great Britain and France will support Spain against the United States.

RELY ON CLEVELAND.

Spanish Minister at Washington Thinks He Will Not Act.

Madrid, March 6.—According to a statement in El Dia Senor Dupuy de Lome, the Spanish minister to Washington, has telegraphed to the government that President Cleveland will refuse, as long as he is president, either to recognize the rebels or intervene in the Cuban question.

Washington, March 6.—From a source the accuracy of which cannot be questioned the report that Minister Dupuy de Lome has telegraphed his government that President Cleveland will refuse as long as he is president either to recognize the rebels or intervene in the Cuban question can be safely denied.

Spain Must Again Apologize.

Washington, March 6.—The late hour at which the reports of disorders in Valencia were received made it impossible to learn whether any official information had been received here in regard to the trouble. The attack will no doubt create renewed indignation in congressional circles and may have the effect of hastening action on the Cuban resolutions when the conference report is taken up in the senate Monday. In this, as in the case of the attack on the consulate at Barcelona last Sunday, the Spanish government, it is quite likely, will promptly express to the United States its regret for the occurrence, and make a complete disavowal of it. The Spanish minister has not received any advices concerning this latest disturbance.

TELLS OF PEARL BRYAN.

Colored Man Alleges that He Can Locate Her on the Missing Dora.

Greencastle, Ind., March 6.—Allee Bell, colored, arrived here Thursday, and called on S. Bryan, father of Pearl Bryan, the Fort Thomas, Ky., victim. He says that Pearl Bryan was in Newport on Thursday and Friday, Jan. 30 and 31, and stayed at the house of a family named Johnson. He described her perfectly, and also Jackson and Walling, saying he had often seen them in Newport. The prosecuting attorney took the man's statement and has sent it to Cincinnati. Bell says he was given a ticket to Greencastle and \$6 in money by a prominent citizen of Newport, whose name he refused to divulge and who, he says, told him to come here and tell his story to the Bryan family. If his statement is borne out by the facts he locates Pearl Bryan upon the days and night upon which no definite trace of her has been discovered.

Will Mine Coal for Sixty-One Cents.

Columbus, O., March 6.—President Batchford, of the Ohio Mine Workers, has issued a circular to his constituents telling them to consider themselves as now working for 61 cents per ton, which will continue to be the price in Ohio, while the 70-cent rate continues in Pittsburg. There is every promise that the rate there will remain 70 cents for one year.

No New Trial in Hill Case.

Lincoln, Neb., March 6.—The Supreme court has overruled a motion for new trial in the case of the state against the bondsmen of ex-Treasurer Hill, who secured a verdict at the fall term. Hill turned over to his successor in office certificates of deposit in the Mosher bank, which failed within a few days. The state's loss is \$236,000.

TWO IMPORTANT BILLS.

Iowa Senate Fixes Age of Consent and Regulates Building Associations.

Des Moines, Iowa, March 6.—The senate Thursday passed two important bills—one fixing the age of consent in Iowa, and the other for the regulation of building and loan associations. The age of consent was fixed at 15 years. The house has already passed a bill fixing the age at 16 years. The building and loan association bill is a radical measure to protect depositors and investors. Associations doing business in the state which are not Iowa concerns must deposit \$100,000 in the hands of the auditor of state to protect Iowa investors.

Senator Funk, chairman of the ways and means committee of the senate, filed the report of his committee on state revenues. A total revenue for 1897 of \$1,770,000 on a 2-mill levy is reported. The extraordinary appropriations asked are in excess of that revenue. The ways and means committee figures that the extraordinary appropriations will necessarily be cut to less than \$700,000 if the present tax levy is reduced to 2 mills. The committee's report was simply to convey information, and not for action.

TO MEN OF BOTH PARTIES.

New York Chamber of Commerce Wants Gold-Standard Delegates.

New York, March 6.—The regular monthly meeting of the chamber of commerce was held Thursday. After the usual routine business had been transacted, Henry Hentz, chairman of the special committee on "sound financial legislation," offered the following appeal, which was adopted without a dissenting vote:

"It is important to every business man, producer and wage-earner to put a stop to the enormous cost of the government and to all of our people resulting from the continuance of the agitation in favor of the free coinage of silver, which stands in the way of a revival of confidence and national business prosperity. Therefore, we ask all citizens to unite in a vigorous effort to urge the selection of delegates to the political conventions of both great parties who will advocate clear and distinct platform utterances in favor of the maintenance of the present gold standard of value. The time is short, and action ought, therefore, to be all the more prompt and determined."

Australians Want Federation.

Sydney, N. S. W., March 6.—The conference of Australian premiers has been concluded. They adopted resolutions recording the urgency of the need of colonial federation, which was declared essential to any complete scheme of Australian defense. Resolutions were also adopted advocating an amendment in the direction of uniformity of military laws for the colonies and for the establishment of a cordite factory in Australia. It was also resolved to be desirable to extend without delay the provisions of the Chinese restriction acts to all colored races.

Funeral to Be a State Affair.

Boston, Mass., March 6.—Under a suspension of the rules, a bill was passed by the house authorizing the lieutenant-governor, to pay from the treasury of the commonwealth all necessary money for the funeral of Governor Greenhalge. As a further mark of respect the house immediately adjourned until today. It is the general impression that the entire legislature, as a committee of the whole, will attend the funeral of Governor Greenhalge.

Is Civil-Rights Bill Invalid?

Omaha, Neb., March 6.—Billy Huston, a restaurant keeper, was discharged yesterday on a complaint charging him with violating the civil-rights bill. A point was raised that the civil-rights bill was practically invalid, due to the fact under the law it was provided that a convicted person should be fined, but no provision was made for commitment in case the fine was not paid. It was held that, therefore, the court could not collect the fine, as it could not enter up a judgment.

Will Not Change the Date.

Washington, March 6.—The decision published by General Walker, commander of the Grand Army of the Republic, in reference to the proposed joint parade in New York, on July 4, was called to the attention of Senator Gordon of Georgia, who has been commander-in-chief of the United Confederate Veterans ever since the organization. He said he would not change the date of the next annual meeting of the confederates at Richmond, Va., June 30, and July 1 and 2.

Resolutions of the National Association of Lumber Dealers.

Philadelphia, Pa., March 6.—The National Association of Lumber Dealers' association elected Charles M. Betts, Philadelphia, president Thursday. Other officers were also elected. The business of the session was mostly of a private nature. A form of a rider for vessel insurance was adopted, and the by-laws were so changed as to permit of arbitration by three men from the western district, three from the eastern, and six to select a seventh. A banquet closed the convention.

Archbishop Kenrick's Funeral.

St. Louis, Mo., March 6.—It has been definitely settled that the funeral of Archbishop Kenrick will take place next Wednesday. Pontifical high mass of requiem will be sung by Archbishop Kain. Archbishop Ryan of Philadelphia will preach the funeral sermon. The old cathedral of Walnut street will be the scene of the obsequies. The dignitaries of the church are expected to be present in large numbers from every part of the country.

WHOLE FAMILY DIE IN BURNING HOUSE

FEARFUL HOLOCAUST AT ALMA, WIS., LAST NIGHT.

Mr. and Mrs. G. Oldhouse and Their Five Children Met Death in Their Flaming Home—Congressman Babcock Is Re-elected Chairman—Editors in Session—State Specials.

Alma, Wis., March 6.—[Special]—Fire last night destroyed the house of G. Oldhouse, a carpenter, who lived about five miles from here.

The entire family consisting of Mr. Oldhouse, his wife and five children were burned to death.

The origin of the fire is yet unknown but it is thought to have been caused by the explosion of a lamp.

Babcock Is Re-elected.

Washington, March 6.—The members of the republican congressional campaign committee held their first meeting Thursday night and selected the officers who will have control of the organization in this congress. Mr. Babcock of Wisconsin was re-elected chairman; Mr. Apsley of Massachusetts, vice-chairman; and William B. Thompson of Michigan, treasurer. The executive committee chosen was: Representatives Hull, Iowa; Cannon, Illinois; Sherman, New York; Overstreet, Indiana; Mercer, Nebraska; Senator Pritchard, North Carolina; Pettigrew, South Dakota; Mitchell, Oregon. Each state has one representative on the committee, and about thirty of the members took part in the meeting, which was entirely harmonious.

Wisconsin Editors in Session.

Milwaukee, Wis., March 6.—The forty-third annual meeting of the Wisconsin Press association began Thursday morning at the hall of the Merchants' and Manufacturers' association in the University building. There were about forty members present. The annual address, which was delivered by President Nagle, was on the higher grounds of advancement by the press, and particularly the country press.

Wealthy Wisconsin Banker Dead.

Ripon, Wis., March 6.—A. Miller, vice-president of the First National bank of Ripon, died Thursday, aged 73 years. He leaves an estate of \$112,000.

No Plan of Action Decided Upon.

Indianapolis, Ind., March 6.—The subcommittee of the democratic state committee, authorized to take action on the apportionment situation, met Thursday afternoon and night, but did not definitely decide upon any plan of procedure. The five members of the committee are in favor of questioning the eligibility of the twenty-five hold-over senators, and in favor of making nominations in all the senatorial districts, but the attorneys called into conference were not ready to recommend such steps without having studied the situation more carefully. The committee will probably take a hand in the suits begun by the republicans to set aside all the apportionment acts since 1851. The attorneys were authorized to do whatever seems best in the way of resisting the suits.

May Fight in London.

New York, March 6.—The articles of agreement for the proposed fight between Corbett and Fitzsimmons before the National Sporting club of London have been received by Richard K. Fox. Mr. Fox is authorized to sign the men, receive deposits and arrange all details. Ten thousand dollars is offered for the fight, and the training expenses of the men will be paid. Corbett says he will accept the terms, but Fitzsimmons refuses. He said: "I don't care if they offer \$50,000. I won't fight Corbett until he shows that he is in my class and is fit to go into the same ring with me."

Holmes to Hang May 7.

Harrisburg, Pa., March 6.—The date for the execution of H. H. Holmes, the convicted murderer of Benjamin F. Pictzel and alleged murderer of twenty-one others, was fixed by Governor Hastings. He names Thursday, May 7, as the day. The governor thought Holmes should have at least sixty days in which to prepare for death, and selected the time accordingly. The death warrant was at once prepared and forwarded to Sheriff Clement at Philadelphia.

Lumbermen Adjourn.

Saginaw, Mich., March 6.—The National Wholesale Lumber Dealers' association elected Charles M. Betts, Philadelphia, president Thursday. Other officers were also elected. The business of the session was mostly of a private nature. A form of a rider for vessel insurance was adopted, and the by-laws were so changed as to permit of arbitration by three men from the western district, three from the eastern, and six to select a seventh. A banquet closed the convention.

WHAT IS HAPPENING IN ROCK COUNTY

MILTON JUNCTION'S LIQUOR CASE IS ENDED.

The Accused Pleading Guilty, and a Fine of Fifty Dollars and Costs Was Imposed—Evansville News and Notes—Gossip From Indian Ford and Other Villages.

Milton, March 6.—In the case of State of Wisconsin vs. R. T. Burdick for violation of the excises law, District Attorney Jackson appeared in behalf of the state and William Smith Esq., for the defendant. After brief preliminaries the defendant pleaded guilty and was fined fifty dollars and costs, which he paid. Rev. Lester C. Randolph of Chicago, delivered the ninth lecture of the "Old Student" course in the Chapel Tuesday evening. The previous lecturers were old students of eighteen years ago and more, but Mr. Randolph is not so old having graduated in '88. That Mr. Randolph is very popular with a Milton audience is evident from the fact that the Chapel was crowded. Professor Shaw introduced the speaker, saying that he considered it a great honor, inasmuch as he and Mr. Randolph had been in the same classes together from the first and had graduated together.

Things Old and New. The subject of the evening was "Things Old and New." The world is full of new things, new ideas and new forms. The pessimist says that these new things indicate that the world is going wrong, while the optimist says that the new is good because it is new. How are we to treat the new things? What shall be the relation of the new to the old? The lecturer then took up human life in relation to the new things in four different lines—the industrial world, the educational world, the social world and the religious world. We find new conditions in the labor problem of today. Two-thirds the wealth of our country is owned by 30,000 men. Labor is not recognized as it ought to be.

Must Be Impartial. Let us study impartially both the capitalist's side and the laborer's side of the question. In the educational world we find new opportunities, larger and better equipped institutions, but the same old integrity, the same common sense. In the social world we find the new woman, but what we want is, instead, the woman of sweet womanly character. In religion new methods, new ideas appear, but if they are of God they will prosper. We are leaving creeds and turning to our lives. We cannot have good society without good men and good women.

Rev. V. E. Southworth to Lecture. Rev. Victor E. Southworth of Janesville, will lecture at P. of H. hall, Milton Junction, Sunday evening next. Subject: "Who are the Infidels and Atheists?" Everybody welcome. The annual convention of the southern district of the Christian Endeavor Societies of Walworth, Rock and Green counties will be held in Milton Saturday and Sunday, April 4 and 5. Hon. Pliny Norcross of Janesville, will deliver his lecture on "Twenty-one and Fifty-seven" at college chapel next Tuesday. No one who has appeared in the course is better prepared to interest his hearers than Capt. Norcross, and his subject will be highly appreciated by all who have watched the business career of this representative Janesvillian.

Some Personal Notes. Andrew Borden of Otto, N. Y., is the guest of his brother, Dr. W. H. Borden. Mrs. E. B. Saunders has gone to West Virginia for a month's visit with her husband. Mrs. J. B. Morton has gone to St. Paul, where she will visit her brother, Prof. J. D. Bond. David Berkeley and wife visited Janesville friends Wednesday and Thursday. Miss Mabel Davis of Rockford was a visitor in town this week. Mr. and Mrs. C. B. Hull are back from their California trip.

EVANSVILLE SHOCKED BY DEATH

Mrs. Sawyer's Demise Mourned—Reveries in Progress—Other News. Evansville, March 6.—The people in this city and vicinity are grieved to learn of the death of Mrs. Maude Hubbard Sawyer, which occurred at Dixon, Ill., February 26, 1896. The funeral was held at the home of her aunt, Mrs. B. F. Williams, in Chicago. Mrs. Sawyer was but twenty-seven years old, and previous to her marriage some three years ago, resided with her father about two and one-half miles from here. She made many friends in this place while attending the seminary. Her father, and a brother at

Beloit survive her. The Home Forum gave their annual reception at Castle Hall, Friday evening. Grand Treasurer S. J. Caswell, of Rockford, addressed the audience with a very interesting speech. The stories he related at the close were very amusing. The musical programme was indeed especially fine. At the conclusion of the entertainment, refreshments were served to all present. We hope to be favored with another entertainment from this lodge soon.

High School Class Made \$20.

The high school seniors cleared some \$20 from their entertainment last Friday evening. Mr. Vivian, humorist from Madison, rendered several selections. The juniors are talking of having an entertainment soon. Mrs. M. W. Keegan has opened up dress making rooms in Mrs. L. Libby's residence on South Madison street, and invites her friends to give her a call, when work is desired. Mr. and Mrs. Frank Hedges rejoice over the arrival of a ten pound daughter since Feb. 28. Grandpa Coon says "it can't be beaten." The infant son of Mr. and Mrs. George Fisher was buried Friday, aged three days. Mrs. E. Parmley has returned to her Footville home, having been in the Evans hospital for a few weeks. Her many friends rejoice in her improved health. Mr. Frank Green is in Palmyra, being called there by the sudden death of his father. Little Lou Libby is recovering from the scarlet fever. Cassius Andrews, of South Dakota is visiting his mother and sisters in this city. His two children accompanied him. Miss Nettie Sargent is recovering from her illness. Miss Lola Blood, who has been in the Review office for nearly two years has gone to Chicago to learn millinery. Miss Jessie Taylor is now in the Review office. Revivals are in progress at the M. E. church. Rev. W. W. Woodside, of Edgerton, is assisting Rev. G. W. White. Mrs. Agnes Shiveley will remain in Chicago a couple of weeks, before going to Fairmont, Minn., where she has accepted a good position with a millinery firm.

Henry Hopkins in Jail.

Henry Hopkins, who assaulted his mother and sister, was taken to the county jail Monday for thirty days. Miss Mabel Orven has closed her school in the Starkweather district. Also Miss Mae Pyre of Edgerton, who has been teaching one mile east of here. Mr. and Mrs. C. B. Harden returned from New York Friday, where they have been visiting all winter. The dancing club gave their last party in Magee hall Tuesday evening. A large crowd was in attendance and all report a splendid good time. Smith's orchestra of Janesville, furnished the music. Why not organize another club? Its not summer, yet. Wayne Shaw, formerly of this city, now a brakeman on the Northwestern road, attended the club party here on Tuesday evening. Ed Betty, who is attending school in Rockford, visited with his aunt, Mrs. W. H. Johnson, over Sunday. Mrs. Lillian Gleave of Beloit, is spending a week with her aunt, Mrs. L. Mann. Miss Alma Pond has returned to her Rockford home. Miss Julia Johnson of Milwaukee, is visiting her father, Charles Johnson. Rev. O. P. Bestor returned from Beaver Dam, Saturday, with his son Arthur, who has been very ill. Arthur is attending school in that city. Ray Gilman and wife have returned from a visit with their daughter, Mrs. Luther Franz of Belvidere. Mrs. Charles Lowry is entertaining her sister, Mrs. Vincent of Milton. Miss Lelia Burgess is in Chicago, for a couple of weeks. Mr. and Mrs. I. A. Hoxie are visiting their son Wilbur, of Deerfield. George Wilder of Madison, called on friends Wednesday.

A RUNAWAY AT INDIAN FORD.

One of Harry Pease's Team Breaks a Leg and is Shot.

Indian Ford, March 5.—Harry Pease of Fulton, while returning home last Friday, stopped in front of George Lackner's store and neglected to hitch his team. While Mr. Pease was in the store the horses became frightened and ran away, wrecking a top buggy and breaking one of the horses legs. Mr. Pease put an end to the animal's suffering by shooting him. Mrs. Alverson and Miss Olley Alverson are on the sick list. Mrs. N. Fredendall is entertaining the mumps. Mr. and Mrs. John Casson, of Marinette, Wis., are visiting friends and relatives in this vicinity. M. and Mrs. George Scofield, of Janesville, were visiting friends in this village last Wednesday. E. D. Fess, of Milton, called on friends in the Ford Tuesday. Mr. Norcross is putting a set of rollers in his mill here. Mr. Jackson is doing the work. Mrs. D. N. Walrath and Mrs. Casson visited friends in this place Wednesday. The reason Peter McCan carries that broad smile is because of that boy who came to stay on March 1. George Lackner went to Fort Atkinson Tuesday. R. N. Johnson went to Madison last week on business. Mr. and Mrs. C. S. Thomas and Mrs. E. L. Ward have returned home from Adams county, where they have been visiting their daughter, Mrs. A. Alverson.

The News of Rock River.

Rock River, March 5.—John Johnson, who has been visiting his parents at Poyssippi for two weeks, returned home last Saturday. Cards are out announcing the marriage of Miss Lona Balch and Harry Green at the home of the bride at So'clock Wednesday evening, March 11. Mr. and Mrs. Orlo Vincent visited at Mr. and Mrs. James Richmond in Lima last Sunday. Quite a number from this place attended the quarterly meeting at Milton last Sabbath. The school calendar and young people of this

ROCK'S NEW ASYLUM IS NEAR THE HEAD

INSPECTION OF QUARTERS FOR THE INSANE FINISHED.

But Two Institutions in the State Will Accommodate More Patients, and But Four Have More Under Treatment—What Prof. A. O. Wright's Report Shows.

There are only two insane asylums in the state that will accommodate more patients on extraordinary occasions, than Rock county's handsome building—those of Winnebago and Manitowoc counties.

There are but four asylums in the state in which more patients are quartered—those of Winnebago, Marathon, Dunn and Dane counties—while seventeen have a less number.

These figures were made by A. O. Wright, who was delegated by Governor Upham some time ago to investigate the condition of the chronic insane in the Wisconsin county insane asylums. Professor Wright has made a complete inventory of the 2,646 patients in these asylums, and says he has found the treatment to be of a uniformly high character. He commends the food, care of rooms, clothing and housekeeping generally. He says that while much care is used in the selection of the attendants, there is a tendency in some instances to economize by not employing enough help, and that in many cases the rule of the board of control that there be at least one attendant for each twenty-five patients is not quite lived up to.

Commitment Papers Not on File.

Commitment papers for many inmates of asylums were not on file. This generally came, he says, from the fact that these had not been required in the early days of the county asylums. The superintendent was requested in writing to perfect their records and keep legal evidence of the insanity of each inmate on file. They were requested to secure from the two hospitals copies of the medical examinations and commitments, and in a few cases, where it did not appear that there was any legal commitment anywhere, they were advised to have such commitment executed now. The law organizing county asylums forbids any assistance from the state appropriation for persons not legally committed as insane. In a small number of instances it did not appear that inmates were actually insane, although committed as such.

Prof. Wright found quite a number of criminal insane and of dangerous insane. These, he says ought to be in a criminal asylum, and until such an institution is erected he recommends that they be placed in a separate ward of one of the hospitals. The investigation shows a large surplus of male over female insane.

Statistics of Insane Cases.

The total number of insane in all the hospitals and asylums Sept. 30, 1795, was 2,247 men, and 1,800 women, a total of 4,047. The number of patients in the county asylums at that time was as follows:

EVANSVILLE TO ELECT A MAYOR

Newly Incorporated City Will Assume Metropolitan Airs This Spring.

Evansville will elect her first mayor this spring, for the town that has been a village is now a city. Consequently the political question is "Who shall be the first chief executive?"

Ever since the people voted to assume the dignity of a city, the friends of various prominent citizens have been "booming" them for the honor and among the men so mentioned are Charles Cummings, P. C. Wilder, Daniel Johnson, J. M. Evans, A. Eager, W. T. Boyd, L. T. Pullen, Roy Gillman, Caleb Smashnell, A. S. Baker, F. A. Baker and Byron Campbell.

STATE HORTICULTURISTS MEET

Profitable Session at the Court House—The Subjects Discussed.

The recent meeting of the Wisconsin State Horticultural society, held at the court house, was one that abounded in profit for all who attended. A. J. Phillips, secretary of the state society, of West Salem, delivered an address on "Fruits"; I. A. Whiffin, of this city, spoke of "City Gardens for Grapes"; Clarence Field, of "Shade Trees"; and J. S. McGowan, of this city, of "Grapes." President George J. Kellogg, of this city, spoke of the big elm trees near the Monterey bridge, and also gave an interesting address on "strawberries." Secretary Phillips advised young men to engage in horticulture, and told of the profits to be reaped from an apple orchard.

THE OVERFLOW OF LOCAL NEWS.

TO RAISE LESS LEAF
THE COMING SEASONLOW PRICE WILL REDUCE THE
ACREAGE.

The Falling Off of Last Season Will Doubtless Be Exceeded This Year—Experienced Growers in the Majority Now—But Little News in This Market.

The low prices which all of the medium grades of cured sell at and must continue to sell if it seeks an export market, will not encourage growers to extend their acreage for the coming season, says the Edgerton Reporter. On the contrary we shall look for a moderate reduction of the fields planted in the state this year over that of last, which were the smallest in several years past. There was a falling off of from 17,360 acres in '94 to 13,026 in 1895. Of last season's crop the two counties of Dane and Rock produced 11,265 acres, leaving less than 1600 acres for the balance of the state. Next came Vernon with 616, Columbia 606 and Jefferson 254 acres of tobacco. It is the scattering of occasional growers who are dropping out of the business while the old experienced farmers reduce their acreage slightly but continue at moderate amount of leaf. The fact that the business is getting back into the hands of experienced growers is an encouraging feature and means when the state is fortunate enough to produce a good crop it will be well handled. Sixty thousand cases would be about the proper portion of the cigar leaf production for Wisconsin to produce.

Little News in This City.

The Janesville Leaf says the naked eye is unable to detect any change in local tobacco conditions. A few fair sized lots changed hands and the usual retail trade is reported. A few crops of '95 are picked up at prices neither seller or buyer cares to quote.

Among the larger lots that have changed hands are: 50 cases '93 and '94 purchased by A. N. Jones; 75 cases of '93 and '94 bought by S. B. Hedges; 25 cases '94 sold by Rudolph, Haviland & Son and two small lots of '92 sold by G. H. Rumrill.

The crop of '92 is pretty well cornered in this market and is only held to any extent by two firms and they are rapidly disposing of their holdings. The '93 and '94 in the hands of the farmers is becoming more scarce each week and at the present rate of shipment, six months later will see this state as well cleaned up of old goods as it has been before for five years. Shipments have been fairly liberal.

CALEDONIAN SOCIETY MEETING.

FACTS FOR OUR READERS.

Follow Nature and Keep Well, a Good Rule.

The Question Is Important, Are You Prepared for Spring?

If Not, Here Is Some Very Necessary Information for You.

Nature will soon begin her annual struggle for freedom from winter's icy imprisonment. Already beneath the frozen surface, giant forces are moving in that direction. Purification is going on.

It is the same with the human system. The lengthening days are approaching when the blood seeks to recover from its sluggish inactivity, and it bears in its course germs of health or disease, as it has stored up the one or the other. It requires therefore to be enriched with vitalizing and health giving qualities to give tone, vigor and health to the system.

For this nothing is so powerful as Dr. Greene's Nervura blood and nerve remedy. Like Nature's own wondrous remedies in the physical world, which purify the mountains and streams as they leap from their confines to fill the valleys with new life, and cover orchard and field with flower and fruit, it brings new force and health to wasted tissues and enfeebled nerves.

Now is the time when your nature calls for help. Don't mistake; no other remedy equals Dr. Greene's Nervura blood and nerve remedy as a spring medicine. No other remedy will so quickly and certainly strengthen your nerves, invigorate your blood, and correct the action of all the organs. It will make you well and strong as it has done thousands of persons; as it did Mrs. W. A. Cutler, of 59 Orchard street, Worcester, Mass.

"A year ago," she says, "I fell ill with nervous prostration and neuralgia, which affected my whole system. My digestion was also very poor. After eating I would be taken with a smothering sensation, while the palpitation of the heart was terrible. "Severe nervous headaches made my life miserable in connection with these other troubles. I was in a fearful condition and became greatly discouraged.

"Finally as a last resort, I commenced to use Dr. Greene's Nervura blood and nerve remedy, which had been wonderfully praised to me. With the first bottle I noticed an improvement, and persevering in its use, I continued to steadily gain in every respect.

"My nervousness was soon cured. The neuralgia, headaches, palpitation of the heart, indigestion and all my complaints entirely left me. All this was accomplished by Dr. Greene's Nervura blood and nerve remedy. "This wonderful medicine did for me what all the doctors and their medicines could not do. I wish to urge all sufferers to try it."

No power of words can describe the wonderful good which this remedy is doing among the sick and suffering. Those who take it are cured. Thousands of people, at the advent of spring, while not exactly sick, are yet out of order or ailing in some way. They do not feel just right, are not well and strong, cannot eat or sleep well, are nervous and have no strength or ambition for work or pleasure. Their stomachs, bowels, liver or kidneys are inactive or torpid. Such people need the best of all spring medicines, Dr. Greene's Nervura blood and nerve remedy, to restore the natural action of these organs, give strength and vigor to the nerves, and new life and vitality to the blood.

Why lose time in trying uncertain and untried remedies, when here is a physician's prescription, a discovery made by the greatest specialist in nervous and chronic diseases, Dr. Greene, of 35 West 14th street, New York city. If you take this medicine you can consider yourself under Dr. Greene's direct professional care, and you can consult him or write to him about your case freely and without charge. This is a guarantee that this medicine will cure, possessed by no other medicine in the world.

OVERLOOKED.

There Are Patent Medicines and Remedies, Without Number For Every Disease and Affliction But One.

A prominent physician was recently asked, why it was that there are so many "blood purifiers," "nerve tonics" and remedies for every ill, except one of the most common and annoying, viz: piles. He replied, there are two principal reasons: first, physicians and people in general, have thought that the only permanent cure for piles was a surgical operation, that medicinal preparations were simply palliative. Another reason is, that piles is, in no sense of the word, an imaginary disease; the sufferer from piles is very much aware of the fact, and for this reason, the few so-called pile cures, ointments, etc., have been short lived. The patient very soon discovered their inefficiency.

He says further, "fortunately however, there is a new remedy for piles, which judging from its rapidly growing popularity will soon take the place of all other treatment; it has certainly made astonishing cures in this obstinate disease and its merit has made it famous among physicians and wherever it has been introduced. This remedy is sold by all druggists under the name of Pyramid Pile Cure.

From the immediate relief which the Pyramid Pile Cure gives in all forms of piles, many physicians supposed it contained opium, cocaine or some similar substance, but upon analysis it was found to be perfectly free from anything of the kind, and that the instant relief and cure which follows its use, is rather the result of its remarkable healing, soothing action on the parts affected.

The Pyramid Pile Cure is the only remedy, except a surgical operation, which immediately relieves and permanently cures every form of piles.

It is sold by druggists at 50 cents and \$1.00 by mail from Pyramid Co., Albion, Mich.

The company has a nice line of good business here and has always enjoyed the full confidence of its members. J. L. Croft is local agent.

Clothing Going Fast.

Probably no clothing sale the city has ever seen has been such a success from the start as that of Rosenfeld on the bridge. The fact of his leaving the retail clothing trade to engage in other business, makes it necessary that the stock should be sold within the next three months and in order to do this prices must be slaughtered. Goods must be sold for what they will bring and Rosenfeld is going to leave town with the people's confidence in his statements unbroken. Every dollar's worth of stock in the house is of the finest material manufactured, and for this reason purchasers will be doubly paid in grasping the opportunity he offers. No shoddy stuffs, but high-grade goods of unheard of low prices. Don't miss this great sale and attend it soon for the best may be gone.

WANT CREED BARRED FROM CONSTITUTION

PROTEST AGAINST COMBINING CHURCH AND STATE.

All Souls Congregation's Ideas Are Voiced by Rev. Victor E. Southworth, Who Takes a Stand on the Question of the "Christian Amendment" Now Proposed.

EDITOR GAZETTE—I am requested as the official representative of All Souls to speak through the columns of The Gazette, in behalf of the preservation of the American constitution from the "Christian amendment" which ought to be called rather the "theological distortion."

The society which is at work for what they call national reform, and of which the Christian Statesman is the official organ, is not in any sense a representative American organization. The work is nothing more or less than a device to give to a certain class of so-called evangelical christian churches the advantage of special state protection. They desire to nationalize their creed by having it incorporated into the preamble of the constitution.

The constitution now begins, "We, the people of the United States, in order to form a more perfect union, establish justice, insure domestic tranquillity, etc. etc." The reform movement desires to make the constitution read thus "We, the people of the United States, acknowledging Almighty God as the source of all authority in civil government, our Lord Jesus Christ as the ruler of nations, and His revealed will as the supreme authority in civil affairs, in order to form a more perfect union, etc."

Protest Against No Creed.

These words which it is proposed to insert are in substance the creed of "orthodox" christianity; as such it is all well and good. We do not protest against anyone holding any creed that he or she can hold without violation of the moral law. Our protest is against any attempt to legislate "orthodoxy" into the citizens of the United States of America. Once let those words be "voted" into the constitution and every honest "Liberal Christian" would be compelled to disfranchise himself. No Jew nor any adherent of any oriental religion could be a citizen except by dishonest evasion of the dogmas so adroitly condensed into this proposed amendment of the of the constitution.

No Religious Test Required.

Inasmuch as the constitution itself clearly affirms that it exists in order "to secure the blessings of liberty to our posterity." (Preamble); that "no religious test shall ever be required as a qualification to any office or public trust under the United States." (Art. VI. Sect. 3); and inasmuch as the I. Amendment reads "Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof, or abridging the freedom of speech or the press, etc." I take the liberty to affirm that it is an act little short of treason to even suggest such a distortion of our constitution as is now and has been for several years the only raison d'être of the National Reform Society.

The system of religious thought which is compelled to resort to such expedients in order to maintain itself is to say the least, pitiable.

Bar Religion From Politics.

As Louis Marshall said in a recent number of the Menerah Magazine, "There is but one safe course to pursue, and that is to eradicate, utterly to crush out, every movement, every agitation, every suggestion which tends in the slightest degree to introduce into the body politic the issue of religious controversy."

If there is any fair argument in favor of this proposed alteration, I at least would like to hear it. Always heartily,
V. E. SOUTHWORTH,
Pastor of "All Souls."

BACON AND THATCHER HELPED

C. & N. W. Company Gave Them \$50 and Others Raised \$15

When Joseph Bacon and Dell Thatcher left the Bower City for Arcadia, Neb., they were better fixed financially than when they arrived. Bacon and Thatcher were the men who lost part of their household goods and a horse by a fire in a box car in the Northwestern yards Tuesday evening. Agent C. E. Ranous and Eugene Fish started a subscription paper and soon had \$15 in hand. Besides this, the men were provided with meals and when they left for the west the Northwestern company presented them with \$50.

THE CITY MAY GAIN BY THE MEETING

THE BUSINESS MEN'S ASSOCIATION'S SESSION TONIGHT.

Druggists' Cooperative Medicine Factory May Be Located Here—Co-operative Grain Buying To Be Discussed—Electrical Expert To Speak of Wire Stringing.

There will be an important meeting of the Janesville Business Men's Association tonight. Three questions will be discussed in which every man in the city is interested.

In the first place a representative of the Wisconsin underwriters will be on hand to speak of the better protection of electric wires, and methods of lessening liability from fires.

Second, the question of co-operative grain buying will be talked over and an effort will be made to provide some means for making Janesville a better farm market.

Third, and in all probability most important of all will be the proposition in regard to furnishing a building for the Wisconsin Druggist Manufacturing Association. This is to be a purely co-operative institution, the stock being held by retail druggists of the state. The intention is to provide a line of patent medicines to sell in place of the proprietary articles now so widely advertised. Janesville is one of the three towns favored as a site, but strong efforts will be made by all three of the towns as the business promises to develop rapidly. The meeting this evening will be called to order at 7:30 by President W. T. VanKirk in the assembly room of the Y. M. C. A. building.

Booker Quoted as Saying That He Will Spend \$5,000 and Stand a Law Suit Before He Will Submit to the Fire Limit Ordinance.

The "Booker building" on South Main street, promises to become a historic structure, and play a prominent part in the annals of this excellent city.

The city officials say it does not comply with the fire limit ordinance. Mr. Booker says the fire limit ordinance doesn't concern him.

And there you are. In the meantime the carpenters are sawing wood and the bricklayers are laying bricks.

The building is a modest structure that is being erected in the rear of the "Pitcher hay scales," the property now being under control of Mr. Booker. At first it was decided to build the structure of "drop siding." Then the authorities descended upon the scene and there were words, and words, and words spoken. Mr. Booker agreed, the authorities say, to move the edifice up to Bluff street, where it would not menace other property. But it wasn't moved.

Instead, a teamster left a load or two of brick at Mr. Booker's place, and the work of veneering the building was begun.

This method of construction, Chief Engineer Spencer says, does not comply with the fire limit ordinance any more than did the first plans, while Mr. Booker goes serenely on about his business.

Booker Will Spend \$5,000.

"We have already lost two days' time," said Contractor Herrington. "The city built a frame building on River street that ought to come within the law as much as this one does. Mr. Booker has talked with his lawyer and says that he will spend \$5,000 and stand a lawsuit before he will surrender any of his rights. The apples that grow on one tree should all be of the same kind. Why did the city allow others to build, and complain in this instance? Mr. Booker is not using brick on anyone's suggestion, but decided that it would make a better building."

"Booker's building will increase the fire risk on all buildings near it," said one of the city officials. "Increased insurance rates will be demanded because of its erection, and if the city allows the fire limit ordinance to be violated, and a fire ensues, the municipality would be responsible for the damage resulting."

And in the meantime there is much speculation as to what the outcome will be.

G. A. PROCTOR TO GO TO CHICAGO

Leaf Man Will Deal In the Weed At the Big City

G. A. Proctor, the well known tobacco man has decided to vacate his present warehouse and go to Chicago. Mr. Proctor started in the leaf business at the corner of East Milwaukee and Division streets in 1892, and during that time has established a business reputation second to none. He now offers his large warehouse for rent and has already secured quarters at 79 West Madison street, Chicago, where he will devote his time to supplying both domestic and imported leaf to the 2,000 retail dealers in Chicago.

FIRE AT STANTON'S DID \$1,000 DAMAGE

SOUTH BLUFF STREET RESIDENCE IGNITES.

There Was Nobody at Home at the Time, and the Blaze Got Quite a Start Before Neighbors Saw the Flames and Sent in an Alarm—Engineer Osgood Overcome.

Fire did \$1,000 damage at the residence of Merton J. Stanton, 213 South Bluff street this afternoon, the loss being covered by an insurance of \$1,500 on the house and \$500 on the contents.

The blaze started near the furnace in the cellar and there being nobody at home, it got a good start before a neighbor saw the blaze. An alarm was turned in from box 32 and the department responded. Water was taken from hydrants at South Main street and Oakland avenue, and at South Third and South Bluff streets.

The contents of the building were also damaged somewhat, although some of the furniture, etc., was taken out. Mrs. Stanton was at the home of her parents, Alderman and Mrs. F. S. Winslow, when the blaze was discovered. The fire was rather hard work to handle and required hard work on the part of the department, although it was soon under control after water was secured.

Assistant Engineer Osgood was overcome by smoke but soon recovered.

ROW IN THE COURT OVER LIQUOR CASE

MILTON JUNCTION PEOPLE ARE STIRRED UP.

Two Witnesses Had a Wrangle in the Justice's Room, While Two Others Fought in the Street—Work of an Amateur Detective Criticized and Upheld.

An amateur detective has been at work at Milton Junction and things are beginning to seethe.

As will be seen by reference to another column, R. Burdick yesterday pleaded guilty to the charge of selling liquor in violation of the law, and paid his fine of \$50 and costs amounting to \$52.47 in all.

But that didn't end it. Oh no!

There's more shot in the locker. It is said that this amateur detective visited all the places where it was suspected that liquor might be obtained and submitted the result of his work to those in authority. The result was the arrest of Burdick and the probable arrest of others on the same charge. Milton Junction people are divided on the question of the justice of the matter, and some insist that unfair means was used to get the druggist into a trap under the guise of wanting the liquor for medicinal use. Burdick was tried at Goodrich's hall in Milton, by Justice Clarke, District Attorney Jackson appearing for the state and William Smith for the defense. Things were lively from the start and two witnesses got into a wrangle as soon as court adjourned and wanted to pull hair in the presence of the court. One was a "wet" man and the other a "dry" man. Almost before the row was ended, two other members of the opposing sides had a rough and tumble in the street.

Both sides say they are right, and both are mad, so the end is not yet.

A SKATER HAD A CLOSE CALL

But For Howard Gates' Prompt Work Her man Chatfield Would Have Died

While skating on the Lawton pond, near Milton, Herman Chatfield fell through the ice and only for quickness in thought and action on the part of Howard Gates he would have drowned. Young Gates rushed up as near as he could to the broken ice and lying down took young Chatfield's hand and with the assistance of William Cole drew him out of the water. It was a close call for Chatfield and an heroic effort on the part of his companions.

The quantity is limited on those damaged goods and we won't guarantee they will last very long at the prices. Bort, Bailey & Co.

She Knew the Difference.

Mr. Topnoody is no lawyer, but his wife is an able woman. He was stumped in his reading the other evening and appealed to her.

"Are you up on Latin, my dear?" he asked.

"What do you want to know?" she inquired, with proper caution.

"I want to know the difference between de jure and de facto."

Mrs. T. studied a moment.

"Yes," she said, "you are at the head of this family de jure."

"Yes," he put in, "I understand that."

"And," she concluded, with some vigor, "I am the head of it de facto."

GET APPETITE.

If You Don't, You Will Never Be Strong or Healthy

Appetite is one thing that you can't afford to be without, for without it your health, strength and comeliness flies out of the window.

Poor appetite means weak stomach, starved body, sick individual. Good appetite the opposite.

Poor appetite is a sign that your stomach is too weak for digestion. You can aid it with the Shaker Digestive Cordial.

When your stomach is able to digest all the food that the body needs, you will have a good appetite. Not before.

Good food, well digested, means strength and a long, healthy life. Undigested food creates poison which affects the whole body, and may give you headache, dizziness, nausea, constipation, flatulence, languor, weakness, mental depression, stomach-ache, fever, nervousness, offensive breath, anemia, rheumatism, etc.

All these disorders will be relieved if you will take Shaker Digestive Cordial.

It is a pure vegetable digestive and natural invigorator, which aids the stomach, purifies the system of the poisons of indigestion and makes you strong, fat and healthy.

Shaker Digestive Cordial does not act on the liver, but on the undigested food in the stomach. It cures indigestion or biliousness without irritating the liver or any of the internal organs.

At druggists. Ten cents for a trial bottle. Write for free book to The Shakers, 39 Rensselaer Street, New York.

GIVES FREE SHINES.

The Struggles of a Broadway Shoe Dealer with a Refractory Sign.

"I am frequently asked how I can afford to polish the shoes of my customers free of charge," said a shoe dealer who has adopted this plan of increasing his business, says the New York World. "I have even had men sit down here and figure out how one could make a pair of shoes out of me in the course of a couple of months by the money he would save in shins. But things don't always work just as they figure out, and, while I couldn't say that this plan of free shins will prove a paying advertisement in the long run, I know that the expense is much less than is generally supposed.

"In my case it has been practically nothing since the original outlay for chairs, brushes, etc., for, like most of the dealers, I have drafted the colored porter into the polishing business. He is willing enough to perform the job, for he has little to do most of the time and the stray tips he picks up pay him well for the extra work. Of course, there would be no money in the business if every one who bought a pair of shoes came in once or twice a day to have them polished, but in reality only a very small proportion of our customers avail themselves of the privilege.

"This isn't because the thing is not popular, but is the result of a very obvious reason. Our trade is almost entirely a transient one and the man who happens to drop in here to buy a pair of shoes may not pass this way oftener than once a month. No one, of course, is going out of his way in order to save the price of a shine. It is only when a customer lives in the immediate vicinity that he has any the best of the bargain. So, you see, that even if the practice of free shins became general all over the town there wouldn't be much danger of driving the regular bootblacks out of business. One of the most amusing features of this new wrinkle was the frantic endeavor made by a rather pretentious firm in Broadway to inform the public what they were doing. They put in their window a large sign, which read as follows: 'We polish our own shoes free of charge.' The announcement caused much merriment among passers-by and at last an old crank went inside and asked the dealer what induced him to drag his domestic affairs before the public and if he really expected anybody to pay him for cleaning his own shoes. The next day the sign was changed to read: 'We polish all our own shoes free of charge.' But as that read very little better it was soon withdrawn. The sign, of course, should have read: 'All shoes purchased here will be polished free of charge.'"

DANGER OF FICTION WRITERS.

How Great Popularity May Work Them Great Harm.

In the present tremendous vogue of fiction as a form of literature and the consequent demand for the work of popular storymakers authors are exposed to a certain danger, says an exchange. We mean the hothouse forcing of their work. Famous writers of novels and short tales are besieged with offers and orders on all sides. Arrangements are made for the serial use and book publication of a story that isn't finished, that is but just begun—nay, that exists only on a rough draft or even has not been committed to paper by so much as a single line, having a quasi-life in the author's imagination alone. One hears of a writer pledging his work years ahead to certain editors and publishers, just as the artist, in his dubious days of struggle, binds himself to the picture dealer for a term of years at so much the year.

The moral of this hardly needs to be pointed. No writer can do his best, be his best self, in such circumstances. He is under bonds and must lose the sense of freedom and the feeling of spontaneity which should be behind truly happy and enjoyable work. Any author who, by stress of urgency and because of the demand for his output, has thus placed himself in the toils, has been tempted of the world and not withstood the temptation. For a writer's truest good, a more moderate success might be wished for. Recognition sufficient to enable him to make a living—the first duty with a writer as with every man—and to give him good cheer and self-respect in his labor, but the big popular success with its idolizing and paragraph puffing and feverish demands for more work and for work yet unborn, is an experience few novelists come through without injury, and one that their well wishers may honestly dread for them, fearing its effect both upon the personal character and—what is more to the reader's self-interest—upon the quality of the literary work put forth by these overdriven servants of the public. It may be set down as a pretty good maxim that any author who sells an unwritten story is making a very foolish deal in futures. He is likely to regret it and so are his patrons.

SEEMS as if all the things we like disagree with us, and all the things we don't like, agree with us. Dyspepsia lurks in most of the good things we eat, and indigestion follows the gratification of appetite. Of course, it isn't Nature's fault. Nature does the best she can, and if a man will only help her a little bit at the right time, he may eat what he likes and as much as he likes. Dr. Pierce's Pleasant Pellets are for people who are troubled with indigestion. Particularly for those in whom it manifests itself in the form of constipation. The "Pellets" are quick and easy in their action. They are in perfect harmony with Nature. They effect a permanent cure. You need take them regularly only a little while. After that, use them occasionally when you need them—when you have eaten something that disagrees with you. They may be taken just as freely as you would take water or any other necessary of life. Once used they are always in favor.

Some Have Their Sorrows

....And Some Have Their Pleasures.

I have have had my sorrows, and am now having the greatest pleasure I ever experienced in seeing in seeing the many of my customers carrying off such large bundles as they are now during our great cut price sale.

Remember==

my stock must be reduced, and prices have got to do it. Sixty days' time is short, and prices will have to be made low enough to to carry the goods away.

BENEATH A CLOUD OF SORROW

Joseph Green.

Joseph Green died at his home, No. 5 Linden avenue, at 7 o'clock yesterday morning, after a painful illness of two weeks' duration. Mr. Green is a native of England, and came to Janesville about six years ago. He leaves a widow and seven children, four girls and three boys, who will have the sympathy of all in their deep trouble.

W. E. Hendee.

W. E. Hendee, aged eighty-two years, and a resident of Rock county for fifty years, died at his home near Beloit yesterday.

One Day More.

Tomorrow ends our weeks sale of shoes at \$2 a pair. We placed one thousand pair of \$3.50, \$3, and \$2.50 high grade shoes on sale at the uniform price of \$2 a pair and buyers have been plentiful. The sale has proven a success but why should it not? You have tomorrow to buy shoes for \$2 a pair. A. Richardson Shoe Co.

Gear Not Guilty of Bribery.

Columbus, O., March 6.—The jury returned a verdict of not guilty in the case of Senator William Gear of Upper Sandusky, charged with soliciting a bribe from ex-Senator Charles Flummerfelt in the Flummerfelt-Spooner contest in 1894. The other indictment against Mr. Gear will not be tried until after the cases against ex-Senators Geyer, Iden and Ohl have been tried.

Massacres in Turkey Ended.

Washington, March 6.—Secretary Olney has received a cablegram from United States Minister Terrell at Constantinople stating that no general massacres have occurred in two months and that much confidence is felt that they have ceased.

THERE will be good singing by the school for the blind Glee club at Court Street church Monday evening.

Spring Announcement...

We have, for spring, a well selected stock, up to your requirements, and at prices within everyone's means. We offer you in our spring selection---although a trifle early---Adler Bros.' specialties which are art in style, skill in manufacture, and high merit in quality. It is a pleasure to refer to these facts. In calling your attention to our new line of

Men's and Boys' Clothing

our secret is we sell good goods a little cheaper than any other house in the city. We expect that our low prices for spring trade will scatter some first-class spring novelties quickly among good dressers.
